Mr. Fenton stated that the Orleans County Planning Board has approved the Site Plan Review with a couple of concerns. One was the amount of parking spaces and a lighted sign. Stan Zimmerman stated that the plans drew up at least 150 planned spaces and there was room behind the building for additional parking. And since there is no electrical power on the premises then there will not be a lighted sign on the premises. Richard Fisher asked that they be aware of people backing out of the driveway onto Rt 104 and try to stop those people to avoid accidents. As all concerns were answered and there were no other questions or concerns. Chairman Fenton asked for a motion to approve the Site Plan Review. Tim Elliott made the motion and Richard Fisher seconded. The Planning Board unanimously approved the Site Plan Review. A motion was made by Tim Elliott to close the public hearing and seconded by Richard Fisher. The hearing was closed at 7:25.
